

The Alfred Intensive Care Academic Centre

2024 Events

Advanced Life Support (ALS2)

This two-day internationally accredited course standardises the teaching of cardiac arrest and resuscitation management. The ALS2 course consists of lectures, practical workshops and cardiac arrest scenarios.

Thurs 18th & Fri 19th **April**
Wed 31st **July** & Thurs 1st **August**
Tues 3rd & Wed 4th **September**

Tues 8th & Wed 9th **October**
Tues 26th & Wed 27th **November**

Advanced Life Support (ALS2) Recertification

The ALS2 recertification course is a one day hands on course to extend a current ALS2 certification and to provide a refresher for cardiac arrest and resuscitation management.

Thurs 5th **September**

Alfred Advanced Mechanical Ventilation Conference plus Waveforms Workshop and Physiotherapy Symposium

The full day AAMVC conference will feature special International and local experts and is tailored to Doctors, Physiotherapists and Nurses who have a keen interest and knowledge of mechanical ventilation. Alongside the AAMVC Conference we also host a one day hands on Ventilator Waveforms Workshop and a Physiotherapy Symposium convened by Prof Carol Hodgson.

Waveforms Workshop

Wed 24th **July**

AAMVC Conference

Thurs 25th **July**

Physiotherapy Symposium

Fri 26th **July**

Basic Assessment & Support in Intensive Care

Developed by Charles Gomersall and the Chinese University of Hong Kong, this two day course is intended for junior medical staff as an introduction to Intensive Care support.

Tues 7th & Wed 8th **May**
Tues 6th & Wed 7th **August**

Wed 6th & Thurs 7th **November**

Critically Ill Airway (CIA)

Developed by A/Prof Chris Nickson, CIA is a two-day interactive 'hands on' course designed to help clinicians develop a safe, flexible, team based approach to the unique challenges of airway management in critically ill patients.

Thurs 23rd & Fri 24th **May**

Thurs 31st **October**
& Fri 1st **November**

Critical Care Review (CCR) Down Under

We have the privilege of hosting an additional Belfast CCR Meeting in Melbourne, December 2024. It is first time this meeting is hosted offshore!

Tues 10th & Wed 11th **December**

ECHO - The Alfred ICU Critical Care Echocardiography Course

The two-day Echocardiography course incorporates lectures, case studies and hands-on scanning training. Scanning is with live models using a 2:1 participant and instructor ratio to help you gain practical echo knowledge and skills that can be immediately applied to patients.

Wed 1st & Thurs 2nd **May**

ECHO - The Alfred ICU Comprehensive Critical Care Echocardiography Course (ACCCE)

The ACCCE course has been created specifically for the critical care doctor wishing to advance their transthoracic echocardiography skills and knowledge beyond a basic level 1 study.

Wed 20th & Thurs 21st **November**

ECMO - The Alfred ICU in Collaboration with VECMOS Adult ECMO Course

The Alfred Adult ECMO Course is for doctors, nurses and perfusionists seeking to provide ECMO support to patients with severe forms of cardiac and respiratory failure. It is designed for participants with little prior experience in the provision of ECMO. All aspects of care required by these patients are addressed.

Course

Wed 16th & Thurs 17th **October**

Cannulation

Tues 15th & Fri 18th **October**

Renal Conference

The Alfred Hospital and the Austin Hospital have joined forces to organise an outstanding not-to-be-missed symposium dedicated to Acute Kidney Injury (AKI). We have put together a group of world-class investigators who have conducted investigations in the epidemiology, trajectory, treatment, prevention, and extracorporeal management of AKI.

Fri 21st **June**

Practical workshops on the delivery of continuous renal replacement therapy with focus on troubleshooting, new approaches to achieving circuit life, the introduction of combined CRRT and CO2 removal and the targeting of optimal net ultrafiltration rate.

Victorian Primary Examination Course for CICM (VPECC)

The VPECC course provides prospective candidates for the CICM primary examination with a 1-day workshop to develop their study and exam technique for the CICM first part examination.

Thurs 13th **June**
